ANNEX A

TERMS OF REFERENCE

National Project Officer (Service Based Consultancy) – GEF ISLANDS Pacific Project

Background and Rationale

SPREP has received Global Environment Facility (GEF) funds from the United Nations Environment Programme (UNEP) to execute the GEF ISLANDS Pacific Project (ISLANDS Pacific). The project is part of GEF 7 cycle of funding aimed at supporting Pacific Island Countries (PICs) in meeting their obligations to various multilateral environmental agreements (MEAs) relating to chemicals and waste management. These MEAs include the Basel, Rotterdam, Stockholm, Minamata and Waigani Conventions.

Globally Small Island Developing States (SIDS) are progressing on import-dependent development pathways. The quantities and variety of products that are being imported (ranging from mercury containing thermometers to plastic packaging, from second hand electronic products to motor vehicles, from agricultural chemicals to industrial chemicals) is rapidly increasing. This is leading to the generation of a large variety of different types of hazardous and toxic wastes which SIDS do not have the installed capacity or required treatment facilities to address. There is an urgent need for SIDS to move to integrated waste management. Extensive studies conclude the costs of inaction in SIDS are significant in term of the economic costs of impacts to health, environment, tourism, and fisheries.

The Global Environment Facility (GEF) has recognised these challenges faced by SIDS and is supporting the Implementing Sustainable Low and Non-Chemical Development in Small Island Developing States (ISLANDS) Programme. The \$20 million ISLANDS Pacific project commenced in 2021 and will involve 14 SPREP members namely: Cook Islands, Federated States of Micronesia, Fiji, Kiribati, Nauru, Niue, Palau, Papua New Guinea, Republic of Marshall Islands, Samoa, Solomon Islands, Tonga, Tuvalu, Vanuatu. It will run for five years until 2026 with the objective of strengthening each Pacific Island country's ability to control the flow of chemicals, products, and materials into their territories and to unlock resources for the long-term management, including integrated management, of chemicals and waste.

Services Required

SPREP is seeking the services of a suitably qualified National Project Officer (NPO) to be appointed on a full-time service consulting basis to oversee the implementation of the ISLANDS Pacific Project and based at the Department of Environment (DOE), Tuvalu.

Scope of Consultancy

The NPO will provide technical support and on ground project scheduling oversight for the project, including engaging with the local stakeholders in the identified project sites, relevant national and sub-national government agencies and consultants or contractors delivering specific activities.

Specific responsibilities for the National Project Officer will include the following:

Data and Information

- Assist DOE and relevant stakeholder(s) with collection of relevant data and information throughout the design, implementation, and monitoring of project activities. Data and information requirements may include:
 - o Designing data gathering methodology and developing templates.
 - o Assist with data gathering and compilation.
 - o Assist with completion of Monitoring and Evaluation and weekly/monthly reports.
- Assist with other data gathering activities.

Legislative / Documentation Support

- With support from the ISLANDS Pacific Project Management Unit (PMU) and project contractors, assist DOE and relevant stakeholder(s) with legislative tasks such as:
 - o Coordinate stakeholder meetings to facilitate the legislative decision-making process and following-up with stakeholders as required to ensure legislative decision making / approvals keep to agreed timeframes.
 - o Provide support for documents such as Policies and Cabinet Submissions.
 - o Drafting contracts and agreements as required and facilitate obtaining relevant signatures.

On-the ground activity

- Assist/facilitate the decision-making process regarding design and procurement of facilities and equipment.
- Provide support to procurement activities such as liaising with suppliers, overseeing construction activities, data gathering, etc.

Communications and Education

- Assisting with delivery of communications activities as required for the successful implementation of project activities.
- Draft media releases and arrange television / radio interviews with relevant stakeholders as required.
- Assist with dissemination of publications produced by the ISLANDS Pacific PMU.
- Provide on-ground assistance to visiting, local or remote consultants.

Capacity Building

- Assist in planning and provide local support for coordination and attendance of meetings and training on specialist topics such as:
 - o Waigani/Basel Convention Transboundary procedures for stakeholders (recyclers, customs, competent authority, focal points).
 - o Other topics as advised or approved by the ISLANDS Pacific project.
- Coordinate and facilitate training sessions (with PMU resources and support) with relevant stakeholders on general topics such as:
 - o data gathering, M&E and reporting.
 - o designing and completing mini-waste audit and litter assessments.
 - o other topics as advised by the ISLANDS Pacific project.
- Provide assistance to counterparts at DOE to enhance evidence-based decision-making.

General / Administrative

- Facilitate Working Committees as required for the design, implementation, and monitoring of project activities.
- Conduct administrative activities of the project including recording meeting minutes correspondence, filing and photographs.
- Regular submission of reports to ISLANDS Pacific PMU.

Remuneration

- This is a delivery-based consultancy position, and the professional time allocation and annual payment of work is set and is not subject to negotiation.
- The National Project Officer will be paid the equivalent prevailing government salary rate for this work – **USD 32,100** per annum.
- There will be an operational budget for agreed disbursements, including travel and per diem. Travel throughout the focal area will be required and will be paid for through the project's travel budget.
- Disbursements will be made monthly on receipt of activity report and approval from DOE.
- The consultant will be expected to provide and cover the costs of their own mobile phone, laptop/computer equipment and associated software and stationery as part of the contract agreement.

Work arrangements

The National Project Officer will:

- Be based at DOE on a full-time schedule to be discussed and agreed between the successful consultant, DOE, and ISLANDS Pacific PMU.
- Engage in regular meetings with ISLANDS Pacific PMU.
- Submit monthly reports to ISLANDS Pacific PMU reporting against agreed workplans. Reporting will utilise the SPREP WMPC Project Management Tool (Monday.com), and written summary reports. Licence to utilise the project management tool will be provided to the successful consultant.
- Once monthly reports have been vetted by SPREP and the country focal point, payment will then be processed against submitted invoices.
- Provide his/her working equipment including computer and mobile phone.

Duration of the Consultancy

The service consultancy will commence as soon as practicable, till end of February of 2026.
